

NUTRISON ENERGY MULTI FIBRE

A nutritionally complete, high energy, fibre enriched, ready-to-use enteral tube feed.

FEATURES

- Suitable as a sole source of nutrition^
- 15g of MF6# fibre blend per 1000ml pack: to help maintain normal bowel function.
- Whey-dominant P4 protein blend: in line with international recommendations on protein quality/ amino acid profile and for gastro-intestinal tolerance benefits.1-7
- Fish oils: to provide Docosahexaenoic acid (DHA) and Eicosapentaenoic acid (EPA).
- Medium chain triglycerides (MCT): for easier fat digestion and absorption.8-9
- Enriched with carotenoids: in line with general health recommendations for their antioxidant properties and positive effect on immune function.¹⁰

Indications

For the dietary management of:

- Disease-related malnutrition.
- · Patients with high energy and protein requirements.

Important Notice

- Not for parenteral use.
- Not suitable for patients requiring a fibre free diet.
- Not suitable for patients with galactosaemia.
- Not suitable for patients with cow's milk protein allergy.
- Not suitable for infants under 1 year of age.
- Use with caution in children aged 1-6 years of age.
- Use with caution in individuals with a seafood allergy.

Directions for Use

- Shake well before use.
- Use at room temperature.
- Handle aseptically to ensure product remains sterile.
- Usage to be determined by a healthcare professional.

Storage

- Store in a cool, dry place.
- Once opened, store in the refrigerator.
- Discard unused contents after 24 hours.

Ordering Information

To order contact Nutricia Customer Care 0800 688 747.

Nutrison Energy	Product	Units	Pharmacode

Ingredients

Nutrison Energy Multi Fibre: water, maltodextrin, vegetable oils (sunflower oil, rapeseed oil, MCT oil [coconut oil, palm kernel oil]), glucose syrup, whey protein (from cow's milk), dietary fibres (inulin, oligofructose, arabic gum, soy polysaccharides, cellulose, resistant starch), cow's milk protein caseinate, pea protein, soy protein, emulsifier (soy lecithin), potassium citrate, sodium citrate, magnesium hydrogen phosphate, calcium carbonate, fish oil, potassium chloride, potassium hydroxide, carotenoids (contains soy)(β-carotene, lutein, lycopene), choline chloride, sodium chloride, sodium L-ascorbate, magnesium carbonate, ferrous lactate, zinc sulphate, nicotinamide, DL- α tocopheryl acetate, retinyl acetate, copper gluconate, manganese sulphate, sodium selenite, calcium D-pantothenate, chromium chloride, D-biotin, cholecalciferol, thiamin hydrochloride, pteroylmonoglutamic acid, pyridoxine hydrochloride, riboflavin, potassium iodide, sodium fluoride, sodium molybdate, phytomenadione, cyanocobalamin.

Allergen & Cultural Information

- · Contains: cow's milk protein, soy, fish oil.
- Does not contain: wheat, egg, nuts*, lupins.
- Halal certified.
- No Kosher forbidden ingredients.
- No gluten containing ingredients. No detectable gluten when tested to a sensitivity level of less than 5 parts per million (<5 ppm i.e. <5mg/kg).
- Low lactose (lactose <2g/100g).

MF6 is a unique, patented blend of six soluble and insoluble fibres (soy polysaccharide, cellulose, resistant starch, gum arabic, oligofructose and inulin) reflecting the proportions of the different fibre types in a healthy diet.
