

NUTRISON MULTI FIBRE

A nutritionally complete, fibre enriched, ready-to-use enteral tube feed.

FEATURES

- Suitable as a sole source of nutrition^
- 15g of MF6# fibre blend per 1000ml pack: to help maintain normal bowel function.
- Whey-dominant P4 protein blend: in line with international recommendations on protein quality/ amino acid profile and for gastro-intestinal tolerance benefits.1-7
- Fish oils: to provide Docosahexaenoic acid (DHA) and Eicosapentaenoic acid (EPA).
- Medium chain triglycerides (MCT): for easier fat digestion and absorption.8-9
- Enriched with carotenoids: in line with general health recommendations for their antioxidant properties and positive effect on immune function.¹⁰

Indications

For the dietary management of:

• Disease-related malnutrition.

Important Notice

- Not for parenteral use.
- Not suitable for patients requiring a fibre free diet.
- Not suitable for patients with galactosaemia.
- Not suitable for patients with cow's milk protein allergy.
- Not suitable for infants under 1 year of age.
- Use with caution in children aged 1-6 years of age.
- Use with caution in individuals with a seafood allergy.

Directions for Use

- Shake well before use.
- Use at room temperature.
- Handle aseptically to ensure product remains sterile.
- Usage to be determined by a healthcare professional.

Storage

- Store in a cool, dry place.
- Once opened, store in the refrigerator.
- Discard unused contents after 24 hours.

Ordering Information

To order contact Nutricia Customer Care 0800 688 747.

Ingredients

Nutrison Multi Fibre: water, maltodextrin, vegetable oils (sunflower oil, rapeseed oil, MCT oil [coconut oil, palm kernel oil]), dietary fibres (soy polysaccharides, resistant starch, inulin, arabic gum, cellulose, oligofructose), whey protein (from cow's milk), cow's milk protein caseinate, pea protein, soy protein, emulsifier (soy lecithin), acidity regulator (citric acid), sodium chloride, fish oil, potassium hydroxide, tri calcium phosphate, di potassium hydrogen phosphate, potassium citrate, carotenoids (contains **soy**)(β -carotene, lutein, lycopene), calcium hydroxide, potassium chloride, choline chloride, magnesium hydroxide, sodium L-ascorbate, magnesium hydrogen phosphate, ferrous lactate, zinc sulphate, nicotinamide, retinyl acetate, DL-lphatocopheryl acetate, copper gluconate, manganese sulphate, sodium selenite, calcium D-pantothenate, chromium chloride, cholecalciferol, D-biotin, thiamin hydrochloride, pteroylmonoglutamic acid, pyridoxine hydrochloride, riboflavin, potassium iodide, sodium fluoride, sodium molybdate, phytomenadione, cyanocobalamin.

Allergen & Cultural Information

- · Contains: cow's milk protein, soy, fish oil.
- Does not contain: wheat, egg, nuts*, lupins.
- Halal certified.
- No Kosher forbidden ingredients.
- No gluten containing ingredients. No detectable gluten when tested to a sensitivity level of less than 5 parts per million (<5 ppm i.e. <5mg/kg).
- Low lactose (lactose <2g/100g).

MF6 is a unique, patented blend of six soluble and insoluble fibres (soy polysaccharide, cellulose, resistant starch, gum arabic, oligofructose and inulin) reflecting the proportions of the different fibre types in a healthy diet.

^In accordance with Australia New Zealand Food Standards Code - Standard 2.9.5
