

For Healthcare Professional Use Only.

NUTRISON PROTEIN INTENSE

A nutritionally complete, high, whole protein, ready-to-use, enteral tube feed.

FEATURES

- Suitable as a sole source of nutrition[^]
- **50g protein (32%E) per 500ml:** to meet international nutrition guidelines for critically ill patients with elevated protein needs.¹⁻⁴
- Whole protein: as recommended by international nutrition guidelines for critically ill patients.¹⁻⁴
- 1.26 kcal/ml: to prevent overfeeding calories.⁵
- Whey dominant P4 protein blend: in line with international recommendations on protein quality/ amino acid profile⁶⁻⁷ and for gastro-intestinal tolerance benefits.⁸⁻¹³
- Iso-osmolar (340 mOsmol/kg water): to support gastro-intestinal tolerance.¹⁴
- **500ml OpTri bottle:** suitable for closed system or open system feeding via ISO compliant flip-top screw cap.

Indications

For use in the dietary management of critically ill patients requiring high protein enteral feeding including burns, continuous renal replacement therapy (CRRT), obese & multi-trauma patients (as recommended by international guidelines¹⁻⁴).

Important Notice

- Suitable as a sole source of nutrition.
- Not for parenteral use.
- Not suitable for patients with galactosaemia.
- Not suitable for patients with cow's milk protein allergy.
- Not suitable for infants under 1 year of age or children aged 1-12 years of age.
- Use with caution in children from 12 years and upward.
- Must be used under medical supervision.
- Use with caution in individuals with a seafood allergy.

Directions for Use

- Check appearance before use and shake well.
- Do not dilute or add medications to the formula.
- Use at room temperature.
- Handle aseptically to ensure product remains sterile.
- Usage to be determined by a healthcare professional

Storage

- Store in a cool, dry place.
- Once opened, close the lid and store in a refrigerator.
- Discard unused content after 24 hours.

500ml OpTri bottle	167812	12	2572990

Ingredients

Nutrison Protein Intense: Water, maltodextrin, whey protein (from cow's milk), vegetable oils (sunflower oil, rapeseed oil, MCT oil (coconut oil, palm kernel oil)), sodium caseinate (from cow's milk), pea protein isolate, soy protein, acidity regulator (citric acid), fish oil, emulsifier (soy lecithin), potassium hydroxide, potassium chloride, calcium hydroxide, carotenoids (contains soy)(b-carotene, lutein, lycopene oleoresin from tomatoes), choline chloride, sodium citrate, magnesium hydroxide, sodium L-ascorbate, ferrous lactate, zinc sulphate, manganese sulphate, copper gluconate, calcium D-pantothenate, DL-a tocopheryl acetate, thiamin hydrochloride, pyridoxine hydrochloride, retinyl acetate, chromium chloride, pteroylmonoglutamic acid, potassium iodide, D-biotin, sodium molybdate, sodium selenite, phytomenadione, cholecalciferol.

Allergen & Cultural Information

- Contains: milk, soy and fish.
- Halal certified.
- Nutricia UK and/or Ireland have Kosher approval for this product.
- No gluten containing ingredients. No detectable gluten when tested to a sensitivity level of less than 5 parts per million (<5 ppm i.e. <5mg/kg).
- Low lactose (lactose <2g/100g).
