

NUTILIS POWDER

A food and fluid thickener with amylase-resistant features for the dietary management of dysphagia.

FEATURES

- **Amylase-resistant formulation:** maintains a consistent texture of the food or drink, to which it has been added, during consumption.
- **Can be mixed in both hot and cold foods and fluids:** for patient convenience and choice.

Indications

For the dietary management of patients with swallowing difficulties (dysphagia).

Important Notice

- Not suitable as a sole source of nutrition.
- Not for parenteral use.
- Not suitable for patients with galactosaemia.
- Not suitable for children under 3 years of age.
- Only suitable as a food and fluid thickener.
- Must be used under medical supervision.

Directions for Use

- Use only the scoop provided in the packaging.
- Handle aseptically to ensure product remains sterile.
- Add the prescribed amount of powder to the liquid or pureed meal and mix well with a shaker, whisk or fork.
- Leave to stand for a few minutes to achieve the required consistency.
- Do not add additional powder during standing time as the liquid is continuing to thicken.
- Prepare the food per serving and use within 2 hours. Always discard unfinished prepared portions after 2 hours.
- For additional information on product usage, please request a copy of **Nutricia's ANZ IDDSI Position Statement** from the Nutricia Clinical Careline 1800 060 051.

Storage

- Store in a cool, dry place.
- Once opened, use contents within 8 weeks.
- Discard unused contents after 8 weeks.
- Replace lid firmly after use.
- Do not refrigerate.
