Complete Amino Acid Mix

Adult, Paediatrics

Indications

✓ Complete Amino Acid Mix can be used as the protein source in a modular feed, where amino acids are required rather than whole protein or peptide e.g. severe malabsorption and allergy.

✓ Suitable for infants, children and adults.

Order information

Flavour	Size	Code	Units per carton
Unflavoured	200g	52815	6

Product Information

A powdered mix of essential and non-essential amino acids.

Important Notice

Important Notice

- Use under medical supervision.
- Not for parenteral use.
- Not suitable for use as a sole source of nutrition.

Direction of Use

- Complete Amino Acid Mix may be taken as a drink or paste.
- Suggested dilution is 1 to 20 i.e. 5g powder plus 100ml of water.
- Mix the prescribed amount of powder to a paste with cold water and make up to required volume.
- If taken as a paste, water or diluted drinks should be offered at the same time.

Storage

- Store in a cool, dry place.
- Always replace the container lid after use.
- Once opened, use within one month.
- Use immediately after reconstitution.
- Stir or shake immediately before serving.
