

LOPROFIN SNO-PRO

Description

A ready-to-drink low protein milk substitute.

Indications

For use in the dietary management of children and adults with inborn errors of protein metabolism who are unable to meet their energy requirements with permitted food and formula.

Preparation and administration

Best served chilled. Shake well before use. Can be used as a milk substitute, with low protein cereal, in milkshakes, soups, sauces and other permitted recipes. The recommended intake is dependent on the age, body weight, and medical condition of the patient.

General precautions

Use under medical supervision. Not for parenteral use. Not suitable for use as a sole source of nutrition.

Storage

Store in a cool, dry place. Once opened, store in refrigerator and use within 24 hours.

Pack size

27 x 200ml tetras.

Ingredients

Water, Lactose (from **Milk**), Cream (from **Milk**), Maltodextrin, Vegetable Oil (Palm, Hybrid Rapeseed), Whey Powder (from **Milk**), Emulsifier (E471), Sodium Chloride, Antioxidants (E304, E307), Citric Acid.
